32	SARIKA LIFE SCIENCES PRIVATE LIMITED	<p>Technical Evaluation Remarks by DGDC: The firm may be considered after submission of Mandate form as per Tender requirement</p> <p>All the required documents are not in order and not satisfactory for the following reasons</p> <p>(1) As per the mail dt: Tuesday 21st May 2024, at 01:08PM From: <sarikalifesciences@gmail.com> To: tendersapmsidc@gmail.com, the bidder i.e. M/s Sarika Life Sciences pvt ltd, Janakapuri, New Delhi has sent drug/medical devices licenses of the some of the manufacturers from whom he got authorization to bid vide T.No. 155-3/APMSIDC/Medicine wing/2023-24. The attached file contains total thirty four pages at pg. 2 to 3, he furnished (MD) drug licenses of M/s HARI OM SURGICAL, PIN:400101. The license was observed to be suspicious since the license was shown to have issued in Form MD-3 under a license number MFG/MD/2023/89687 dated Nil under CDSCO logo. The reason for the suspicion is that the Form MD-3 is the statutory form under Medical Devices Rules 2017 for the application for grant of Class A or Class B medical devices and the said form doesn't contain license number. Further, beneath the heading i.e. Form MD-3 of license provided by the bidder, it was mentioned as "License to Manufacturer for Sale or Distribution of Class A or Class B medical device", which was made/altered intentionally to give an impression of license. Due to the above reasons, the bidder might have submitted the above document fraudulently by fabricating it as a license so that to mislead the APMSIDC for getting approvals. Hence, after through inquiry, necessary action may be taken on the bidder i.e. M/s Sarika Life Sciences pvt ltd, New Delhi as per the tender conditions. I here with enclosed mail copy, downloaded license details from the mail.</p> <p>(2) The Non Conviction Certificate issued on M/s Sarika Life Sciences pvt ltd, New Delhi was dated 25/04/2023, which is more than one year prior to the bidding/tender date, as mentioned in page109. Hence may not be considered</p>
