1. Introduction

Andhra Pradesh (AP) is the 8th largest state in terms of area and has a population of around 5 Crore people. AP has about 3 Crore of its population residing in rural areas, which is about 70% % of total population of the state. The State Government has taken major initiatives for providing last mile access of health care to all people of the State, especially in rural areas.

Reduction of Maternal Mortality Rate (MMR) and Infant Mortality Rate is a high priority area for the Government. Providing referral transport to pregnant women is one of the key interventions for reduction of MMR. Referral transport includes the transportation of postnatal women from Hospital to Home. In order to ensure provision to **“Drop Back of Postnatal Women from Government Health Facility to Home, High risk Pregnant woman- Home to Government Health Facility and severe anemic Pregnant women to the nearest First Referral Unit /Area hospital /District hospital and teaching hospital for blood transfusion and drop back home, Transportation of Antenatal women from mapped points to the concerned Mandal PHC and drop back”**. dedicated vehicles are proposed.

In this regard, Government of Andhra Pradesh (GoAP) is in the process of revamping its healthcare delivery systems and service delivery models to improve overall quality, scope and responsiveness of its services.

1.1 Overall scope of current RFP
